MEMORANDUM FOR: HQ, USAF
AFCIG-5

SUBJECT : T-33 Aircraft Maintenance

1. Confirming telecon this date between Major Honeywell and the undersigned, enclosed is AFIO Form 64 pertaining to T-33 Serial Number 53-5809A. As indicated on the enclosure, there were numerous discrepancies existent upon acceptance of this aircraft after a recent Periodic Inspection performed by San Bernardino AMA. [REDACTED]

2. Due to personnel turnover, it is apparent that basic agreements on periodics pertaining to the two T-33's, presently assigned our organization at Edwards AFB, are not clearly defined between the using organization and the depot concerned. For this reason, it is suggested that a memorandum of understanding, or a directive, covering this aspect be published and sent to San Bernardino AMA with copies furnished this organization. This will assure that personnel concerned are cognizant of the responsibilities and procedures to be utilized in the accomplishment of periodics.
